Holland Warns Venezuela to Be Careful.

Dismissal of Netherlands' Minister Gives Grave Offense.

TOOK IT IN OWN HANDS

President Castro Should Have Waited Government Action.

Complications May Lead to an Invasion.

Caracas, Tuesday, Sept. 29.—"The revocation of the decree of May 14 is demanded in the most energetic manner—the government of Venezuela must, from this moment and without delay, show it knows how to appreciate in its real value the maintenance of the protocols seriously celebrated in 1894, and which form the basis of our relations, as well as the obligations incurred by The Netherlands government in the Netherlands and in the Netherlands islands and faithfully lived up to, and that it does not wish to compromise its existence by prolonging the intolerable state of affairs which it has created by the decree of May 14."

President Castro was away at Venezuela when this note was presented by Baron von Seckendorff, the German minister, and he told Dr. Luis, his foreign minister, to acknowledge receipt and to await the second note from Holland from which it was known was soon to arrive. This second note came last week, but because of General Castro's illness it has not as yet been answered, although it is generally understood here that Venezuela will not give in to any of Holland's demands.

Venezuela will take the stand that, until a satisfactory apology and indemnification is forthcoming from The Netherlands government, the Netherlands government must be held responsible for the insulting letter of the late Minister De Reus and for the stoning of the Venezuelan by the Caracas mob, Holland has no right at all to make any demands of this country, especially in the nature of those made in the Dutch note, which interfere with the right enjoyed by free nations to make their own commercial laws. It is very generally admitted in Caracas that if the Venezuelan government wishes to have the trans-shipment of merchandise from the Netherlands to Venezuela ports, that it has a perfect right to do so, although Caracas may be a sufferer thereby.

Although The Netherlands note asks for the "immediate revocation" of the trans-shipment decree it has been reported that the second note fixes the date of November 1 as the time when this must be done, thus giving the note the nature of an ultimatum. Nobody who knows General Castro believes that this demand will have any other effect than still further to incense Venezuela's executive against Caracas, and nobody would be at all surprised if his answer was more vigorous and determined than The Netherlands government expects or will like. The Venezuela is being prepared to resist invasion and that the many big coast defense towns have been made ready for an emergency is common knowledge down here.

MORE NOISE AT MARTINIQUE. Volcanoes Are Again Showing an Ugly Disposition.

Base-Terre, Island of Martinique, Oct. 12.—A rain of ashes from volcanoes on Martinique or St. Vincent's islands is falling over Guadeloupe. Mt. Soufriere, the largest volcano on St. Vincent, is calm, and the ashes must come from some other crater.

Harger Lectures at Leland Stanford. San Francisco, Oct. 13.—Charles M. Harger of Kansas university journalism department lectured Monday afternoon at the students of Leland Stanford university on "The Modern Journalism."

The note goes on to say that after the renewal of friendly relations is established "the celebration of a definite treaty of arbitration and a consular

## JUST A MISTAKE.

Japanese Explanation for Slaughter of 22 Friendly Koreans.

Seoul, Oct. 13.—It has just been learned that 22 members of the "Ichinhoh" the pro Japanese organization of Korea were killed by the Japanese gendarmes at Choldo a few days ago. The affair has been kept quiet but has occasioned much uneasiness because it might be considered as a ruthless slaughter of non-offending Koreans by the Japanese soldiers and calculated to confirm previous reports of unnecessary cruelty practiced by the Japanese in Korea.

The matter has been reported by Marquis Ito, resident general of Korea who is now in Tokyo.

Advices from Tokyo state that Marquis Ito has held conferences with Premier Katsura and Viscount Terauchi, minister of war and it is understood a cabinet will be called to consider the question and decide upon the future action to be taken.

In consequence of these conferences the report is being widely circulated that the Japanese government has decided to immediately annex Korea. The Associated Press however, is assured that this is untrue, and that in fact no change in Japanese policy toward Korea has ever been considered.

The explanation advanced of the killing of the "Ichinhoh" members is that they were marching in a body to visit a shrine when the Japanese gendarmes met them, and mistaking them for a band of insurgents, immediately attacked the party killing 22.

Americans Outshoot Canadians. Tacoma, Wash., Oct. 12.—The picked team of the Second Washington regiment has defeated for the third time a team from the Sixth Canadian rifles by a score of 2,315 to 2,265 and won the rifle championship of the Pacific coast.

Revised, Miss Mann asked him a great many questions. As she turned to quit the jail, she fainted again.

She is positive that Mingle is the man who had given the name of Harry Parker. She will remain for the preliminary hearing, which will be held October 15.

Team From Manhattan College a Few Points Ahead of Ames

Kansas City, Oct. 13.—The stock judging team from Kansas State Agricultural college at Manhattan won the stock yards trophy. Its score was 4,285 points out of a possible 5,200.

Iowa Agricultural college of Ames was second with 4,158 and Missouri university third with 4,019. The Ames team won the cup last year. To retain the trophy permanently a team must win it three years in succession.

Five men were on each team. The contest included the judging of three head of cattle, three horses, three mules and three sheep. Prof. W. L. Carlyle, dean of the Colorado Agricultural college, was the judge who decided the event.

## MANN MAY BE GUILTY.

But Police Have Wrong No Confession From Him.

Chicago, Oct. 13.—Additional information tending to the identification of Luman C. Mann as the mysterious "H. Raymond" who took Fanny Glimore Thompson to the Michigan avenue rooming house, where the woman later was found brutally murdered, was secured yesterday, but nothing approaching confession was gained.

Today, it is said, the police will go before the grand jury and present evidence to secure the indictment of Mann for the crime. The grand jury move will be made for the purpose of circumventing Attorney Charles E. Erbstein, who represents the alleged murderer and who forced the police to fix Mann's bond at \$25,000.

POSITIVE HE IS MINGLE.

Iola Woman Identifies Harry Parker in Oklahoma Jail.

Oklahoma City, Ok., Oct. 13.—Fainting twice as she stood facing the man once called at her house as a friend, Daisy Newton, sister of Mrs. Harry Pearson of Iola, Kan., at the jail here, positively identified Harry Parker, alias F. D. Mingle, held here for the killing of Mrs. Pearson.

Miss Mann came here on a visit from Iola. She went to the jail to see if the man there was the one who had visited her at her home in Kansas. When she met him face to face she was overcome, and fainted.

Revised, Miss Mann asked him a great many questions. As she turned to quit the jail, she fainted again.

She is positive that Mingle is the man who had given the name of Harry Parker. She will remain for the preliminary hearing, which will be held October 15.

## MARKETS TODAY.

Bulge in Wheat Due to Advance at Liverpool.

Quickly Drops Back Because of Selling Orders.

LIVE STOCK TRADE.

Cattle Quoted Steady to Strong This Morning.

Hogs Are Off Five and Ten Cents Per Cwt.

Chicago, Oct. 13.—WHEAT—An advance in the price in wheat at Liverpool caused a bulge in the price here at the opening but the early rain was quickly lost on general selling by commission houses which carried prices nearly down to the highest price. Weather conditions in the southwest were still unfavorable for the crop, no rain having reported in any section. December opened 4¢ higher at \$1.04, and then declined to \$1.03, Minneapolis, Duluth and Chicago reported receipts of 891 cars.

Sentiment was bearish the remainder of the day and prices declined still further. December selling off to \$1.03. The close was weak at almost the bottom, with December off 1¢ at \$1.02 1/2.

CORN—The corn market was weak owing to selling inspired by lower cables and by continued good weather for the maturing of the new crop. Trade, however, was light. December opened unchanged at 57¢, and sold off to 56 1/2¢.

The weakness became more pronounced later in the day, December declining to 56 1/2¢. The close was weak with December down 1/2¢ at 56 1/2¢.

OATS—Selling by cash houses due to liberal receipts caused an easy tone in the oats market. December opened unchanged at 49¢ 1/2, and sold off to 49¢ 1/4.

PROVISIONS—Provisions were weak because of moderate sales by local packers based on a 5c to 10c decline in the price of live hogs. At the opening prices were 58 1/2¢ to 59¢ lower.

RYE—Cash: 70¢/bushel; December, 70¢; May, 70¢/bushel; 56¢/bushel.

CHICKEN—October, \$3.30; March, \$3.70; 2¢/bushel; 56¢/bushel.

MOCKINGBIRD—October, \$3.30; March, \$3.70; 2¢/bushel; 56¢/bushel.

READY FOR FLIGHT.

Fourth Aeroplane Built at Hammond Larger Than the Junebug.

New York, Oct. 13.—The new aeroplane which has just been built at the Aerial Experiment association's station at Hammondsport, N. Y., from J. A. D. McCurdy's design, is expected to be ready for its initial flight within a week or two. This is the fourth aeroplane built under the auspices of the association. It is a trifle larger than the Junebug, with which McCurdy will probably make his first flight within a week or two.

Louis R. Adams, president of the Aeronautical society, has returned from a visit to the station's headquarters at Hammondsport. He said at the rooms of the Aero club of America that the only thing needed to complete the new machine was the motor.

"Mr. Curtiss is building the motor and he told me it would be ready soon," said Mr. Adams. "It is a four-cylinder motor, water cooled and of about 24 horse power. Mr. McCurdy will probably operate the machine on its first flight."

Some Soft Water Facts

Easier Washing

It's easier to wash clothes in "Soft Water" such as we use. It's easier because all the foreign matter and all the mineral elements are removed from the water. The soap suds has simply to remove the dirt from the clothes and does not have to overcome the bad effects of these elements.

For this reason the clothes can be washed quicker and better in white and consequently with a great deal less wear than it is possible to do when raw unbroken water is used.

A few weeks trial will prove to you the difference that washing clothes in "Soft Water" makes.

an upward impetus to prices, but the rise was not great, outside of Union Pacific. That stock reached 195 1/2 and found support below that. Missouri Pacific rose 3/4 and American Can preferred 3/8, but the general list was inclined to yield.

Manipulation of the Gould stocks brought them into unusual prominence and they secured large gains, but the rest of the market was not benefited. The bulge in Missouri Pacific was followed by brisk bidding for the other stocks of similar ownership. New Haven, Kansas City, Port Scott and Memphis preferred moved up 3/4. St. Louis & Western Union stock 1 1/4. Denver and Rio Grande 1 1/4. Texas and Pacific and Western Union 1 1/4. Wabash preferred 1 1/4 and the Kansas and Texas stocks, Louisville and Nashville, Toledo, St. Louis and Western. Alton preferred and Mackay companies. The usual leaders gradually moved off until at noon some of them were quoted below yesterday's close. Canadian Pacific yielded 1 1/4.

Bonds were steady. After reactions from the best prices of the morning had reached a point and heading had been driven as much below yesterday's closing, moderate buying by the shorts began to move prices upward. American was a noted exception and a lot of the list crept up to about yesterday's closing again.

A slow learning began in the middle of the afternoon, but movement was insignificant outside of a few minor stocks. Denver and Rio Grande, Kansas and Texas and Ohio preferred improved 3/8. Iowa Central 1/4, the preferred 2 and St. Paul and Tennessee C preferred 1.
